**Subject:** Guidelines for implementation under the Scheme of "Upgradation of 1396 Government ITIs through Public Private Partnership" – regarding

Sir/Madam

As you are aware, a Working Group had been constituted for revamping of all DGET Schemes. The guidelines based on the recommendations of the Working group, in respect of the scheme "Upgradation of 1396 Government ITIs through Public Private Partnership", is as below for implementation:

1. Industry located beyond the 100 km radius also can be selected as Industry Partner for the ITIs covered under the scheme. However, preference should be given to those which are located in and around the area.
2. Admissions to the seats decided by the IMC are applicable to all the trades being run in the ITI and not only to the trades which are being upgraded under the scheme.
3. Institute Development Plan (IDP) should be revised and updated at least three months before the expiry of the period for which it was approved earlier.
4. States to ensure that adequate administrative and financial powers are delegated to the IMCs as envisaged in the Memorandum of Agreement.
5. To improve industry linkages and raise overall academic standards, IMCs should strive to include additional, non-voting members from the industry beyond the core strength of 11 members.
